## The Shofar What's that Noise All About?

Here are some things to think about when fulfilling the mitzvah of hearing the shofar this year:

- Turn toward doing good and creating peace and harmony where there is unrest and discord.

*This is why the shofar must be curved and not straight.*

- Rejoice in the creation of the world and God's sovereignty within it.

*The sound of the shofar is like the sound of the coronation of a king.*

- Remember that God cares enough for us that he revealed himself to us at Mount Sinai.

*The revelation at Sinai occurred amidst the sound of the shofar.*

- Never lose hope in the coming of the ultimate redemption and the ingathering of our exiles.

*The shofar will sound with the coming of the Messiah.*

- There is no ideal or value that takes precedence over the sanctity or preciousness of human life.

*The shofar is a reminder of the horn of the ram provided by God to be sacrificed by Abraham instead of his son, Isaac.*
