Sisterhood Social Action Project:

The Crayon Initiative was born one night when Bryan Ware and his family went out for dinner. While his boys sat coloring on the menu, Bryan couldn't help but wonder where restaurant crayons end up, when all the people go home. Turns out, it's the landfill—making a big waxy mess that never biodegrades. Why, Bryan thought, couldn't they be re-purposed to create more joy in the world? He took the crayons home and got busy—figuring out the art of collecting and sorting old crayons, melting them down, and remanufacturing them in a bright, clean, paper-free form. Consulting an occupational therapist, he even gave his new crayons a unique design—large and three-sided, not round—so they're easy for kids to grip and can't roll off hospital trays. Finally, he crafted a network for sending free crayons to over 797,200 kids in hospitals all over the country. Today **The Crayon Initiative** partners with over 240 hospitals including St. Mary's Healthcare System, NYU Winthrop Hospital Children's Medical Center, Cohen Children's Medical Center and New York-Presbyterian Komansky Children's Medical Center.
